Parking Permits
Council Tax
Taxi drivers ID assurance
Requirement to carry out data matching
Standards exist on GDS website (Good Practice Guide 43)
National Change of Circumstances building on Tell Us Once
Approach for risk assessment to judge level of assurance requireed
Collector of certain attributes could possibly pass on to other key services, but better to build an accredited personal data store
Libraries Services: London Libraries consortium covered 4m people
Need to understand demand for this
Currently low level assurance
How to passport Attribute Exchange between organisations?
ID Assurance procurement issues for LG - current framework only in place for CG - let's fix this!
Customer Accounts integration
Possible Exemplars
DCLG Discovery Day Session 2 Identity Assurance
GDS Identity Assurance Programme
Warwickshire CC Ian Litton
Links from the hub of providers to Govt services
Stimulating a market of Identity Services & procuring services from private sector through a hub
Working with Govt Depts to understand needs
Attributes Exchange
Identity Assurance
Removes the paper
Provide access to federated system & depts don't need to manage user creditials or identity
First Alpha - benefits of interoperability: integrates local solution for simple authentication with GDS IDA Services for higher level assurance (approved by CESG)
Users have choice of who to use as Identity Providers
Currently in Private Beta - moving to public Beta in Summer
Blue Badge business case
First test is HMRC, then DVLA
Could certainly work with Local PS
